**Forecast for Saturday 31 Oct 2020**

**Weather:** Further rain overnight and in the morning, heavy at times. The rain will become very heavy around the middle of the day before clearing to the east in the early afternoon, brightening up to sunshine and one or two passing light showers. A few showers in the evening before thicker cloud and more general rain returns towards midnight.

**Chance of cloud free mountain/hill tops above 600m:** Little chance in the morning with widespread cloud at 450-600m, some lower patches over southern exposures, and limited gaps in shelter north of the hills. Then chances improving to 80% or more during the afternoon as the cloud lifts and breaks. Some hill fog returning late evening.

**Visibility:** Poor in the morning and perhaps just into the afternoon in heavy rain and mist then improving markedly to mainly good. Starting to reduce late evening.
